Lowell Elementary School

PARENT INPUT FORM FOR CLASS PLACEMENT

School Year 2017-2018

Student's Name: _____ Grade for 2017-2018 _____

Current Teacher: _____

All parent input regarding the learning environment for your child will be considered. However, the goal will be to create balanced classrooms to ensure a positive learning environment for all children. There will be ongoing collaboration between teachers at each grade level in order to view the grade level as a "whole" throughout the year and not segregated into two separate groups.
Please list any specific academic or social information that will help us with placement. The information should not include a request for a specific teacher. Please return this form to the office by June 1 for consideration. Thank you.

Parent Name _____
